

# Employee Onboarding Solutions Made Simple

ADP Marketplace

## ? Does your organization do onboarding “extremely well”<sup>1</sup>?

Managers

HR administrators

Employees

**If not, what are you doing to improve it?** As a new hire’s first real introduction to your organization, onboarding can set the tone for an employee’s tenure with your company. A successful experience can help workers feel confident from the get-go, as well as positively impact performance, satisfaction and, therefore, retention.

## ☆ How onboarding solutions from ADP Marketplace can help:

### Save time on administrative work.

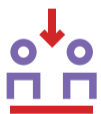

Help eliminate paperwork with apps that automate and collect everything for you. Employee data is securely shared with your ADP® platform, so you’ll only have to enter information once.

### Keep new employees engaged.

Give new hires the support they need to feel ready for their new role. Share org chart information, set up buddy meetings, configure trainings and more.

### Help reduce employee turnover.

Organizations with a strong onboarding process improve new-hire retention by 82%.<sup>2</sup> Get help creating user-friendly processes that make it easy for employees to feel good about their future with your company.

## ! Common solution features:

### Personalization

Create unique experiences by team or location.

### Automated processes

Save time collecting information and paperwork.

### Electronic tax forms

Collect and store documents easily and securely.

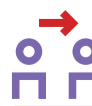

### Employee portal

Upload essential content about your company.

### Mobile compatible

Fill out onboarding information from anywhere.

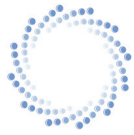

### Offboarding

Easily offboard exiting employees.
