The Total Economic Impact™ of ADP® API Central

COST SAVINGS AND BUSINESS BENEFITS ENABLED BY API CENTRAL

ADP®

WHAT IS ADP API CENTRAL?

ADP API Central simplifies the way you connect your data across your entire ecosystem, from HR to business solutions. Developers can now instantly access secure APIs, tools and resources to quickly and easily automate your business processes.

135%
ROI

$141K
net present value (NPV)

<6
months' payback

ADP API Central can drive efficiencies, automation, and financial benefits by addressing the challenges of disjointed workforce management systems.

WHAT ARE THE BENEFITS DELIVERED TO YOUR TEAMS?

Streamlined processes for HR and IT

"As we deactivate and modify employees in the HR system, it keeps every other system up to date since it's our single source of truth on employee activity."

—**VP of digital technology,** agriculture technology

Reduced time spent on manual tasks

"[With API Central], you've got time savings both from an HR and an IT perspective. You've got standardization of reporting, you've got speed of reporting, and a reduction of errors."

—**CIO,** healthcare

Enhanced integration capabilities leading to automated workflows

"It's easy to use, and easy to integrate with all our applications."

—**IT manager,** education

Real-time insights with better visibility into HR metrics for informed decision making

"The benefit of API Central [compared to other tools] is that you get a lot more information out that you can use for reporting ... It also improved our data quality by almost 100%."

—**VP of digital technology**, agriculture technology
